ERUPTION OF MOUNT VESUVIUS
DIMINISHES AND ITALIANS
REJOICE THEREAT.

TWO AGED WOMEN RESCUED

FOUND ALIVE BY SEARCHERS AFTER
BEING ENTOMBED FOR
FULLY SIX DAYS.

Naples, April 16.—The somewhat threatening condition of Mount Vesuvius Saturday night having subsided with the ejection of enormous clouds of sand and ashes the elements have begun to settle again, enveloping the mountain in a thick haze and cutting off the view from Naples. Only the outline of the base is visible. Professor Matteucci during the evening issued the following bulletin:

"My instruments are now most calm. The emission of sand continues in abundant quantities and I wait serenely a satisfactory termination of the eruption."

The sudden renewal of alarm Saturday night gave way Sunday to the celebration of Easter with unusual fervor. The festival is always picturesque in Naples, but Sunday it was doubly so. Cardinal Prisco, archdeacon of Naples, celebrated an elaborate thanksgiving mass in the cathedral, while along the streets crowds prostrated themselves before sacred images.

At Ottajano, the searchers unearthed two aged women, still alive, but speechless after six days' entombment. They were among the hundreds who were caught beneath the falling walls during the rain of stones and ashes. Hope had been abandoned of finding any of these persons alive. The women were protected by the rafters of the house which they were in and had managed to exist on a few morsels of food, which they had in their pockets. Nine corpses were taken out during the day and it is estimated that 100 more remain in the ruins. The work of salvage goes on amid the twisted masses of fallen houses, churches and stables and in deep drifts of cinders and ashes. At some points the ash is ten feet deep, reaching to the second stories of the few houses still standing.

At San Giuseppe bodies have been found of women in whose hands were coins and jewels, indicating the instinct to preserve their earthly belongings. The excavations at Herculaneum, over which the tomb of Resina stands, have recorded similar instances of death overtaking its victims carrying their jewels while fleeing from the invading lava.

TARTAR BRIGANDS KILLED.

Cossacks Capture and Slay Several Bandits.

Tillis, April 16.—In an encounter in the outskirts during the day between Tartar brigands, who have been committing depredations almost within the city and a squadron of dragoons, the troops killed two and mortally wounded four of the marauders, the others escaping. A squadron of Cossacks which surprised another band in the village of Janisvy, captured four of the leaders. Four Cossacks were killed in this encounter and after the bandits had been lodged in prison they were killed by the Cossack guards.

MOONSHINER SHOT DEAD.

Virginia Sheriff Kills Youth Accused of Illegally Manufacturing Whiskey.

Sergeant, Ky., April 16.—At Tacoma, Va., just across the state line, Sheriff Kiser went to the home of Riley Collins, nineteen years old, to arrest him for illegally manufacturing whiskey. Collins opened fire on the officer and the latter shot him dead. Lincoln Collins, father of the boy, followed the sheriff to Wise county, Virginia, seeking vengeance. He was arrested.

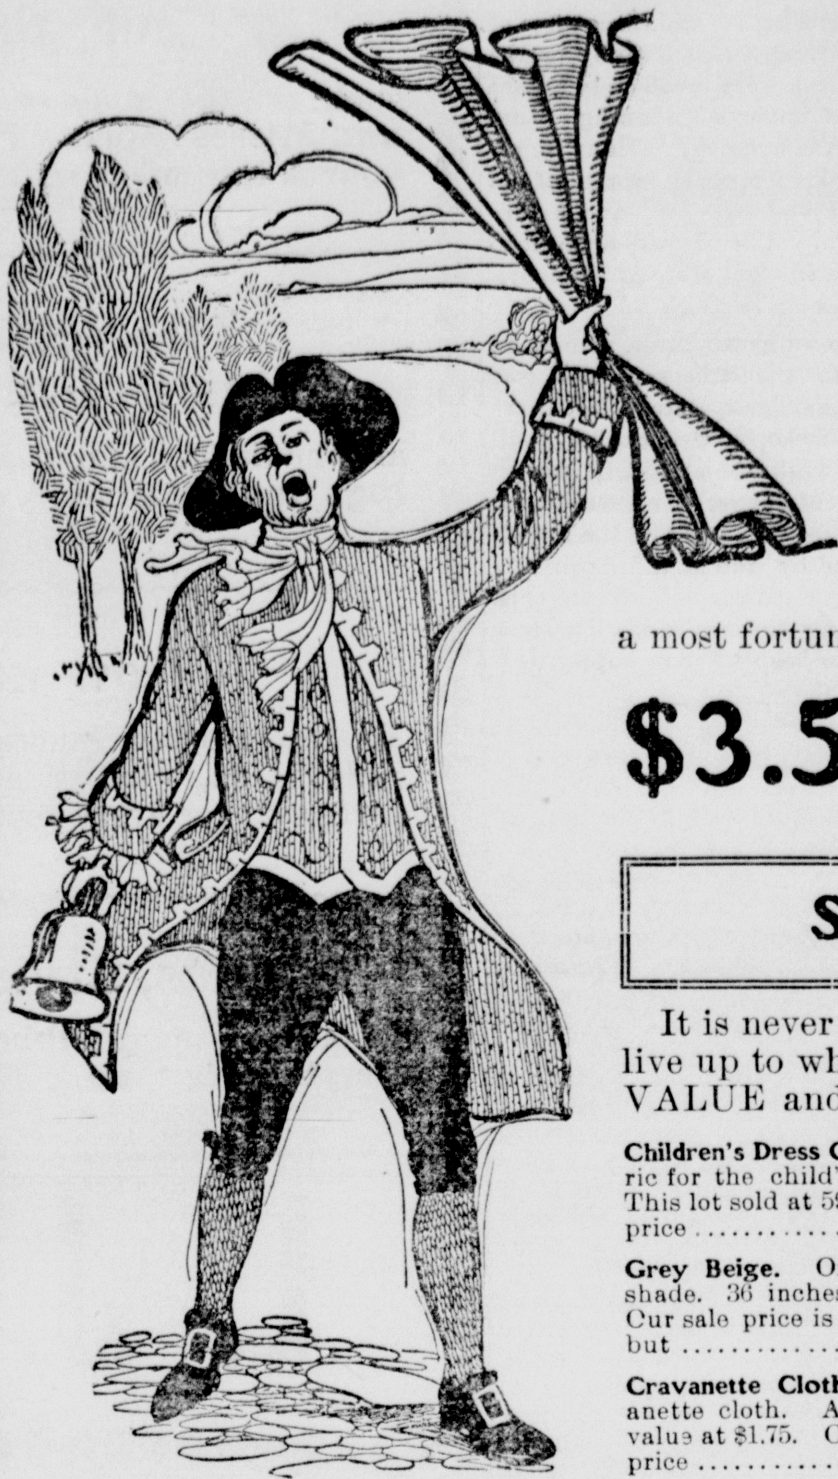

Aspect Is Threatening.

Wheeling, W. Va., April 16.—The coal strike situation in the West Virginia Panhandle has assumed a threatening aspect, and trouble is feared almost immediately, with Mountville, W. Va., twelve miles below Wheeling, the danger point. There the Glen Eaton Coal company has refused to recognize the new miners' local and it is reported that the company is expecting a train-load of strike-breakers from Pittsburgh.

Nellie Grant Seriously Ill.

New York, April 16.—Miss Nellie Grant, a granddaughter of President J. S. Grant, and daughter of Mr. and Mrs. Jesse Grant of this city, is seriously ill in a sanitarium, where she was operated upon for appendicitis on Saturday.

MID-SEASON CLEARANCE SALE

Beginning Tuesday, April 17th, continuing throughout week.

Another money-saving opportunity at the H. F. Michael Co.'s. From here and there throughout the entire store we have selected such articles as we have a surplus of, or of which there remains but a remnant or a remnant lot. Altogether it will be an assortment that will save money for those who select from it. This is our plan to keep our stock up-to-the-minute and it is responsible for the fact that nothing but the new is found at our store.

\$9.98 for stylish \$12.50 Cravenettes. These garments are made of a superior quality of cravenette material and may be had in oxford or tan. They are made with belts and are very neatly trimmed. This bargain is the result of a most fortunate purchase and we pass it on to you. Good size assortment.

\$3.50 for the choice of a line of skirts worth up to \$5.00. There is a nice color assortment of these and the sizes are good. If you want a good skirt cheap, see this line.

\$5.00 will secure the choice of a line of skirts worth up to \$7.50. We have selected many good styles for this lot and it will pay to select from it.

Splendid bargains gleaned from the dress goods section

It is never our plan to advertise goods "below cost" or "at cost" nor do those making such statements often live up to what they say. But, we frequently do make prices on merchandise which are MUCH BELOW VALUE and we defy you to meet them anywhere. Take these offerings for instance:

Forecast—fair and warmer.

THE northern part of the state seems
to be for Cole, of Cass, for governor, if
one can judge from the newspaper senti-
ment.

THE lid is no longer on in St. Cloud
and the saloon men rejoice. The new
mayor notified the liquor dealers that
beginning Sunday they would be allowed
to keep open all day except during
the hours of public worship.

THE Minneapolis candidate for gov-
ernor, "Lund, the land man," has pulled
out of the race. Many people credited
the effort with being an advertising
scheme but few thought a week would
be sufficient time in which to accom-
plish the work.

THE Minneapolis man who gave his
personal property in to the assessor as
\$3,000 for entrance on the tax roll was
robbed of \$200,000 worth of gold and sil-
ver plate, diamonds and other valuable

property which has since been recovered.
The authorities will put the amount
on the tax budget and compel him to
pay the taxes on the same for the past
six years. This is a fair example of
equality in taxing personal effects, the
man who has but little and has it in
sight must pay on his entire possessions
while the rich man can secrete his be-
longings and thus escape taxation.

tional church Wednesday evening under
the auspices of the Ladies' Musical Club.

Mrs. James O'Connor returned today
from St. Paul. She went down after
her father, Martin Twohey, but he was
so feeble she was compelled to return
without him.

The members of Hose Co. No. 1 per-
petrated a surprise on Fire Chief John-
son last evening. A very pleasant even-
ing was spent by the boys who found
Mr. Johnson a genial host.

Wright, and other relatives.

Mrs. J. G. Smylie, and her sister, Miss
Edith McDonough, left today for Wheat-
on, N. D., called there by the death of
their father, W. H. McDonough, who is
one of the pioneers of North Dakota.

Although this is "washday" and "Blue
Monday," the stork made happy Mr.
and Mrs. Thomas Basley by presenting
them with a 12 pound baby girl, early
this morning. Mother and child are
doing nicely and Thomas is able to be
up and take liquid diet.

A farmer named Mann, living near
Pillager, was in the city today with a
five-year-old child suffering with a can-
cer on its head. Dr. Thabes pronounced
the case hopeless and said that it
would be useless to attempt to operate
on.

The trades and Labor Assembly will
hold its regular meeting at 7 o'clock to-
morrow evening in order to give
chance for an open meeting at 8 o'clock
when a representative of state Feder-
ation of Labor will be present and ad-

dress the people. All are invited to be
present and listen to the address.

A motion to be permitted to settle a
case for appeal in the case of Wilson vs.
the city of Brainerd, is being heard be-
fore Judge McClenahan this afternoon.
The time for settling a case has expired
and the motion may be opposed. A. T.
Larson will appear for Wilson and W.
H. Mantor for the city.

Dan Smith, a lumber jack, was given
a fine of ten dollars or ten days in jail
today for drunkenness. Smith came in
from the north Saturday with so much
aboard that he had to be helped off the
train and is said to have had \$150 at
that time. He was shy of anything to
pay his fine with when arrested last
night.

H. A. Rollins, the popular Laurel
street tonsorial artist and discoverer of
the only hair tonic that will really "make
hair grow," feels very much elated these
days as his tonic is winning fame
throughout the country. Friday he re-
ceived an order for \$300 worth of his
goods from Pittsburg, Pa., and an ap-
plication to buy the exclusive right to
sell the same in the state of Pennsyl-
vania.

J. W. Curo, of Pine River, who is in
the city with his little son, who was
badly hurt last week, states that there
are now strong hopes that the boy will
recover, although the child will not be
entirely out of danger for a week yet.
Mr. Curo states that but for the assist-
ance rendered by the M. & L. boys the
child would have been dead ere this.
The only thing that saved his life was
getting to the hospital so promptly.

ON RAILROAD RATES.

Speeches Will Continue to Occupy At-
tention of the Senate.

Washington, April 16.—Speeches on
railroad rates will be the feature in
the United States senate again this
week. Notwithstanding the assurances
to the contrary which were given by
senators last week, there is no im-
mediate prospect for securing an agree-
ment on a time for voting upon the
bill. No one has at any time counted
upon getting such an agreement until
the general speeches should be ex-
hausted, and there are a sufficient
number of those in sight to consume
the entire week. Senator Heyburn
will speak during the day.

Senator Tillman has stated that
Senator La Follette would probably
be ready to proceed Tuesday but the
latter is not apparently prepared to
say whether he will be. If he does
not take the floor Tuesday he will ask
to be heard later in the week. It is
not improbable that the junior Wis-
consin senator will be followed by his
colleague, Senator Spooner, who will
reply to Senator Bailey's contention
that congress has a right to limit the
injunctive powers of the lower courts.

HEARS EULOGIES ON MARSH.

House Pays Respect to Memory of
Departed Congressman.

Washington, April 16.—The house
met at noon to hear eulogies on the
life and character of the late Repre-
sentative Benjamin F. Marsh of the
Fourteenth Illinois district. The house
was called to order by Major Mc-
Dowell, the clerk, who read a letter
from Speaker Cannon designating
Representative J. Warren Keifer of
Ohio as speaker for the day.

The resolutions of condolence were
offered by James McKinney, successor
to Mr. Marsh, who then addressed the
house. Other eulogies were pro-
nounced by Representatives Graft,
Prince, Rodenberg, Fuller and Wilson
of Illinois, Grosvenor and Keifer of
Ohio, and Wiley of Alabama. The
house at 1:45 p. m. adjourned.

Take Time To Eat

Hurry at Meals Will Send You to H. P.
Dunn & Co.'s for Mi-o-na Stomach
Tablets.

"Eat in haste and repent at leisure"
is the old saying brought up to date.

Hurry at breakfast means a bad start
for the day, and if you hurry also at the
other meals, you will soon suffer with
loss of appetite, sleeplessness, nervous-
ness, furred tongue, specks before the
eyes, headaches, back-aches, weakness
and debility, indigestion, or other ills
that are caused by an abused stomach.

Here in Brainerd, as in thousands of
other places over the country, hurry at
meals increases the druggist's business.
Not a day passes that H. P. Dunn & Co.
do not sell several packages of Mi-o-na
stomach tablets to those who have
ruined their digestion by not taking
time to eat.

H. P. Dunn & Co. have seen so many
cures made by Mi-o-na that they sell it
under an absolute guarantee that it
will be successful in every case where
it is used in accordance with directions,
that is, one tablet before each meal, and
will refund the money to anyone whom
it does not help. A large box of Mi-o-na
tablets costs but 50 cents if it cures;
nothing if it fails.

DRAW IN ONE ROUND

Large Crowd Attracted by Fight in Cellar of Wood Block This Afternoon

Quite a crowd was attracted by a fierce fight in the cellar being excavated for the Wood building on Laurel street this afternoon. One of the Burquins, said to be Rob, attacked a man said to be Frank Hart, got him down and hammered up his face considerably. Hart was a stayer and got from under and went after Bourquin right and had the sympathy of the crowd. One of the other Bourquins butted in on the ground that his brother, who commenced the fight, had been sick. The crowd would not stand for this and it looked for a few minutes as if there would be a rough house. It took two men to hold Hart from attacking both the Bourquins, but he was finally induced to leave by his friends still breathing threats to resume the conflict later.

SOLVED MOTLEY MURDER MYSTERY.

Officials Think they Know Who Are the Parties Who Committed the Crime.

ARE FUGITIVES FROM JUSTICE.

Both Suspected Parties Disappeared Just About the Time of Murder.

The officials of Cass and Crow Wing county think that they have solved the mystery surrounding the murder of Pat Holly, of Motley, whose dead body was found in a pile of refuse in his stable March 27. Two men are suspected of having committed the deed, and the officers are searching for them. One is a half-breed known as Indian Pete and the other is known as George Pazo. Pete is a big strapping fellow who had been doing nothing for some time and who was flush about that time, having spent \$7.50 on slot machines in Staples the night he left there. He departed the night the coroner arrived to make an investigation, and is said to have got off at Valley City, N. D. Pazo, who is supposed to be the man who offered Holly's team for sale in Brainerd, is small and dark complexioned and thought to be an Italian or Bulgarian. He perfectly tallies with the description of the man that offered the team to Sheriff Erickson and is known to have worked with Indian Pete in Dakota last summer. Pazo has lived around Aitkin off and on for some time. He was in Motley about the time of the discovery of the murder but disappeared before the fact was known that the murdered man's team was offered for sale here. First class descriptions of both men are in the hands of officials all over the northwest and it is not believed that they can long escape apprehension. Pete is said to be a bad man and handy with his knife.

TO BUILD SANITARIUM

Dr. J. G. Bemis, of Minneapolis, to Build a Health Resort on Gull Lake

This Year

Dr. J. G. Bemis, of Minneapolis, was at the land sale at Walker Friday and purchased section 16 at the thoroughfare, Gull lake, near what is known as Booming Out Bay, and will erect a large sanitarium there for the treatment of nervous and chronic diseases. There will be one large building and a number of cottages for the accommodation of patients. Dr. Bemis expects to get his plans all arranged and the work well under way the coming season. The site chosen is one of the finest and on one of the handsomest lakes in Northern Minnesota, and is located about sixteen miles from Brainerd and about four from Smiley.

RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

Because of a great increase in transcontinental travel the Northern Pacific Railway has decided to put a third daily train between the cities and the coast to be known as trains No. 5 and 6. According to advices from St. Paul the date of the new service will be May 20, at which time the new train between St. Paul and Brainerd will also be put on. The coast train will be newly equipped throughout and will consist of a mail and express car, baggage car, smoker, two coaches, a tourist sleeper, three standard sleepers and a dining car. At Billings it will exchange through cars with the Burlington Route.

The new train to Brainerd will leave St. Paul at 6:30 p. m. and reach Brainerd at 11 p. m. It is expected that the service will be extended through to Bemidji, but this has not as yet been officially announced. No mention is made as to the time of leaving Brainerd in the morning, but it is rumored to be 5:45 a. m.

The Minneapolis Journal of Sunday has the following regarding improvements to be made on the Northern Pacific the coming season:

Moorhead, Minn., April 14.—The Northern Pacific has just begun a work of immense proportions with the object of reducing the grade of its road and obviating the necessity of using helper engines on heavy trains out of Fargo. The work consists in changing the route so as to avoid the big hill at Hawley, Minn.

A temporary track has been built from Muskoda south of the Fountain farm, where a big cut is necessary to give the road an even grade. The cut will be 500 feet wide at the top and 32 feet in depth, necessitating the removal of about 3,000,000 cubic feet of dirt. The bed of the Buffalo river also is to be changed in several places and when the work is completed the heaviest trains can leave Fargo with only one engine.

Frazee, Minn., April 14.—The Northern Pacific road has awarded the contract for the double track from Perham to Oak Park to Dale & Baumgarden, and work will begin next week. A large number of men and teams will be needed. The most difficult job is at Harold Lake, northwest of Frazee, where the lake has a deep and soft bottom. The lake is about sixty feet deep, and the new cut-off will cross it. It seems impossible to make a roadbed through the lake and it is expected that wood trestles will be used.

The high bridge over the Ottertail river southeast of town will be removed from its present location to allow the double track to be laid where the depot now stands. All the buildings on the railway land in Frazee are to be removed at once.

The big, high grade curve northwest of Frazee is to be cut out by a new track at the south side of the grade, which will shorten the main line to Fargo.

Alger Anderson has accepted a position in one of the offices at the N. P. shops in this city. Alger has been with A. V. Snyder for some time past and will undoubtedly make good in his new position.

A steam shovel outfit was sent to Barnum yesterday to put in a couple of weeks on what is known as the third division. Roadmaster Tyler expects later in the season to have a steam shovel in the Deerwood gravel pit at least two months graveling this division.

Work will begin at once relaying 25 1/2 miles of track between Carlton and Wright with 85-pound steel. It is thought that the entire line from Staples to Duluth will be equipped with the heavy steel another season.

P. J. McKeon, who has the boarding contract on the M. & I., returned from Duluth last night and expects to get his cars, which are at Bemidji, ready for business this week.

It is not always an easy task to find a man who can, in giving a monologue keep his audience in a continual convulsions of laughter, but Al. G. Field of the Al. G. people laughing while he doesn't appear to be making any particular effort. His work and his songs and stories during his monologue are one of the hits of this season's big show. Billy Clark will be seen at the opera House April 17, tomorrow night.

Seats are now selling at H. P. Dunn & Co's Drug Store.

Mr. Harry E. Phillips of St. Paul, who is to appear in Brainerd next Wednesday evening under the auspices of the Ladies' Musical Club gave a recital recently in Winona, the audience was fairly delighted with the depth and strength of Mr. Phillips voice and each number was in its turn most generously applauded, while this whole program is one of exceptional merit. The people of Winona seemed mostly taken by his rendition of the Pirate's Song. This piece seemed secularly fitted to his style and gave him an excellent chance to portray the beautiful shadings his powerful voice is capable of. Miss Mildred G. Phillips will act as accompanist to her father in his appearance here.

ORGANIZER COMES HERE

Federation of Labor Organizer Plans Tour of Northern Cities Commencing This Week

A. L. Baker, special organizer for the State Federation of Labor, has about finished his labors for the present in the twin cities, and this week will proceed to Brainerd, where he will begin a campaign of organization in the state at large.

Mr. Baker will remain at Brainerd for about a week, when he will go to St. Cloud and Little Falls. At St. Cloud he will give special attention to conditions governing the granite cutting industry, but other trades will also be looked after.

In Little Falls, which was once well organized, Mr. Baker will make another effort to arouse interest in unionism among the mill men.

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have “slowed up,” and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles’ Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

“Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles’ Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds.”

ON THE ISLAND OF FORMOSA.

More Than a Hundred Persons Killed by an Earthquake.

Tokio, April 16.—One hundred and nine persons are said to have been killed and nineteen injured in the earthquake in the southern part of the island of Formosa Saturday. Further details, it is expected, will swell the death roll, as the shock was more severe than that of March 17.

Kagi again was the principal sufferer, the houses which escaped destruction in the former disturbance being now in ruins. Doko and several other towns and villages were affected by landslides, which have completely changed the topography of the country. The officials are working feverishly to relieve the thousands of persons left homeless.

Later reports received from Formosa confirm the earlier rumors of the complete destruction of Kagi, where 7 persons were killed and 35 injured. At Dago, 400 buildings were destroyed and at Ajensui 1,191 buildings collapsed and 749 were damaged. Three persons were killed and fifteen injured there.

These latter advices say that this shock was more powerful than that of March 17, but as the people had been warned they were able to escape.

DISCUSS ROOSEVELT’S SPEECH.

English Papers Comment Favorably Upon It.

London, April 16.—Most of the morning newspapers devote their leading articles to President Roosevelt’s speech of Saturday. Their comment generally is favorable. In the view of the papers it was a bold speech, but only what was to be expected. His defense of public men appeals strongly to Englishmen.

His suggestion of a progressive inheritance tax to prevent any individual inheriting over a certain amount, the critics believe, will make him more enemies in America, but here, they say, the words do not sound dreadful, as England has what he is aiming at in an income tax combined with a system of graduation and a succession duty, which produces a big revenue from estates.

Emperor William’s telegram to Count Goluchowski, the Austro-Hungarian minister of foreign affairs, thanking him for the support of the Austrian representative at Algiers, the “splendid deed of a loyal ally,” and assuring him of “my rendering a like service on a like occasion,” is also lengthily discussed. Emperor William is severely censured.

MOB LYNCHES NEGRO

MISSOURIANS HANG A COLORED MAN ACCUSED OF MURDERING A WHITE MAN.

THIRD VICTIM OF THE MOB

FOURTEEN PRISONERS ARE SET FREE DURING THE ATTACK UPON THE JAIL.

Springfield, Mo., April 16.—Following up its work of Saturday night, when two negroes were burned to death in the public square here, the mob took a third negro, Will Allen, from the jail early in the morning and consigned him to a similar fate.

The streets are now guarded by two battalions of state militia and hundreds of deputy sheriffs. Hoodlums have gathered from surrounding towns and districts, but thus far the forces of authority have been strong enough to prevent fresh outbreaks.

The jail is in ruins and most of the police strength is concentrated there. After the excitement quieted down during the morning it was found that fourteen prisoners had escaped. Four of these were retaken and the other ten are being sought.

Among those who escaped was Bus Cain, accused with Allen of the murder of a white man, O. M. Ruark, last January. After wreaking its fury Saturday night on Horace Duncan and James Copeland, suspected of assault upon Mabel Edmondson, the mob turned its attention to other negro prisoners. Cain and Allen were suggested as fit subjects and the latter was found hiding under a cot in his cell. He was dragged out, his hands were tied behind his back, a rope was put around his neck and he was marched to the tower in the square. Two men climbed up the iron stairway and stood upon the platform with Allen between them. One, who held a lantern in his hand, faced the crowd below and waving his hand toward the negro, said:

Negro Accused of Murder.

“Ladies and gentlemen: This is Will Allen, the man who murdered old man Ruark. What shall we do with him?”

“Hang him,” cried the crowd. “Throw him overboard.”

“Can anyone identify this nigger?” asked the spokesman.

“Hold up the lantern,” some one shouted.

The man put the lantern up so it shone into the face of the negro and someone in the crowd said: “Yes, I identify him; hang him.”

At this the crowd laughed.

“Are you Will Allen?” asked the orator.

“Yes, but I didn’t kill Ruark,” he answered.

“I only know what I heard, that Bus Cain killed him,” the negro answered.

“Make him spit it out. Make him confess,” the crowd shouted.

The man with the lantern shouted again:

“Is this nigger guilty? Yes, or no?”

Some one shouted “Yes,” others cried “No.”

The mob was undecided. While the crowd was debating, the second man on the platform began tying a rope to the iron railing. The negro stood directly above the smoldering ash heap from which the smell of burning flesh arose. But he stood erect while the man with the lantern harangued the mob and the crowd jeered. In the meantime the rope had been placed about Allen’s neck and presently the hangman caught the negro’s ankles, lifted him and threw him forward over the railing. Allen turned a somersault in the air and as the rope became taut his neck cracked like a pistol shot. The rope broke and he fell into the bed of coals on top of the other two negroes. There he kicked and floundered around until another rope was brought, thrice looped around his neck, and he was again suspended in midair.

Corpse Falls Into Fire.

More boxes were brought and a big fire kindled and soon the swaying corpse fell into it. After that most of the men went home, but some men and boys stayed at the tower all night and fed the fire. Five thousand persons saw the trio hanged and burned. Among the spectators were hundreds of women and children.

In a hall overlooking the plaza an Easter dance was in progress. Its music stopped while the dancers crowded to the windows and watched the writhing black bodies, and the flames that finally consumed them.

Souvenirs of the night—consisting of a button from the trousers of one of the negroes, a piece of the hangman’s rope, or other ghastly relics, found a ready sale.

The negroes of the city are said to have seized 300 sticks of dynamite from a stone quarry for defense purposes, if further attempt at lynching is made.

The greater part of the negro population has been in hiding all day. Many women and children took refuge in cellars and garrets. Whole families fled to the country after having appealed in vain to the authorities for protection. There were few negroes on the streets.

Many of the leading ministers in

their Easter sermons denounced the lynchers in strong terms and called upon the proper authorities to enforce the law or resign their positions. Prosecuting Attorney Roscoe Patterson of Greene county said:

“Every man implicated in this dastardly outrage, whose name I am able to learn, will be punished. The members of the mob are not law-abiding citizens, they are outlaws. They broke into the jail and besides lynching three negroes released prisoners, thus becoming law-breakers by giving freedom to imprisoned criminals.”

Prosecuting Attorney Patterson and Sheriff Horner are said to have secured the names of more than 100 men who took part in the lynching. The leaders of the mob were not disguised but worked in the full glare of the electric lights on the square.

Prosecuting Attorney Patterson said that he will appeal to Judge Lincoln of the criminal court to summon a special grand jury and make a thorough investigation. This appeal, it is declared, will be augmented by a petition signed by hundreds of citizens.

A crowd of negroes assembled on the public square and refused to disperse, but when a company of militia arrived they quickly scattered. It is feared that an attempt may be made to fire buildings in the outskirts.

LIEUTENANT GRAEME DEAD.

Death List on Battleship Kearsarge Increased to Seven.

Washington, April 16.—The navy department during the day received a telegram from Admiral Brownson reporting that Lieutenant Joseph W. Graeme, gun umpire, who was injured in the explosion aboard the battleship Kearsarge in Cuban waters Friday, is dead; that the condition of William King, ordinary seaman, and Frederick T. Fisher, chief gunner’s mate, is grave and that all the others injured in the disaster are doing well.

The death of Lieutenant Graeme, which the dispatch says occurred Saturday, increases the death list from the Kearsarge disaster to seven.

Acting Secretary of the Navy Newberry received a dispatch from the father of Lieutenant Graeme and in accordance with his wishes and those of the family of Lieutenant John M. Huggins, the other officer killed, the bodies will be sent to this country on the first available vessel. Similar action will be taken regarding the bodies of the seamen killed, if their families so desire. It is expected that the fleet will finish target practice this week. Most of the vessels will start north to New York or other ports. The armored cruiser Maryland and the West Virginia, the flagship of the armored cruiser squadron, have completed their practice.

MOTHER AND SON KILLED.

Live Wire Results in Two Deaths in New York City.

New York, April 16.—A double tragedy, in which mother and son were killed by an electrical apparatus used to operate a chicken incubator, the invention of the young man himself, occurred during the day at Croton Falls, Westchester county. The victims of the accident were Daniel Jeungst, Jr., aged thirty years, and his mother, Mrs. Anna Jeungst, aged fifty years. The Jeungst brothers own the electric plant which supplies the lights for the station and streets of the village of Croton Falls. The younger Jeungst was in the chicken-raising business and he invented an incubator, which was operated by electricity, which he got from the Jeungst plant. While experimenting with his incubator by which he hoped to hatch 500 chickens at a time, the younger Jeungst early in the day attempted to shut off the electric current and in reaching for the switch caught hold of a live wire, and 3,000 volts of electricity shot through his body, killing him instantly. His mother, who accompanied him to the incubator house, and who held the lantern, realized that her son was in peril and thoughtlessly grabbed the wire to pull it away. She, too, was killed instantly.

NEGRO KILLS A WOMAN.

Quarrel Over a Letter the Probable Cause of the Tragedy.

Huntington, W. Va., April 16.—Mrs. Martha J. Bass, the divorced wife of John Farley of Gallipolis, O., was shot and killed by Charles Morrow, a colored hotel porter, here during the afternoon. The shooting occurred at the home of Herbert Steel, a brother-in-law of Mrs. Bass. The supposition is that the hotel porter had taken Mrs. Bass a letter and a quarrel over the possession of it resulted in the tragedy.

The negro ran from the house with a smoking pistol in his hand and attempted to escape among the throngs on Easter promenade, but he was pursued by hundreds. When the police overtook him he had to be clubbed into submission. He was hurried off to the county jail for fear of mob violence.

Mrs. Bass’ twelve-year-old niece was the only witness to the tragedy.

Carries Valuable Cargo.

Queenstown, April 16.—The steamship Campania, which sailed from here during the day for New York, has on board what is said to be the largest consignment of specie ever sent across the Atlantic on one vessel. The total value of the specie is about \$5,250,000 and its weight is close to twelve tons.

No Excesses Reported.

St. Petersburg, April 16.—The Easter festival, the anniversary of the Jewish massacres at Kishineff and other places, was not stained this year, so far as was reported up to midnight, by anti-Jewish excesses.

PRODUCED BY VOLIVA

DOCUMENTARY EVIDENCE THAT DR. DOWIE OVERDREW HIS BANK ACCOUNT.

ACCUSED OF EMBEZZLEMENT

FIRST APOSTLE RECEIVED DEPOSITS WHEN HE KNEW THE BANK WAS INSOLVENT.

Chicago, April 16.—General Overseer Wilbur Glenn Voliva during the day produced the first of his batch of documentary evidences with which he hopes to confound John Alexander Dowie and his followers, who are endeavoring to regain control of Zion City. The instrument is a letter dated April 13, 1904, and addressed to Dowie at Zurich, Switzerland. It is signed by Overseers Speicher, Bernard and Barnes. In it they stated that from their examination of the affairs of the colony it was evident that Dowie had overdrawn his account at the bank in Zion City, that he had received deposits when it was known that the bank was insolvent, that he had used funds otherwise than in accordance with the representations made by the stock contracts and certificates and that proof of the appropriation of such large sums for his own personal use and for ends outside of the industries named would be tantamount to a conviction of embezzlement in any court of law.

The inhabitants of Zion City, anticipating that such a letter would be read, flocked to the tabernacle at an early hour and long before the services opened the big building was filled. After the regular Easter ceremonies Overseer Brasfield read the epistle. That section of the letter which said: “there is no doubt for a moment that a failure to meet payments and exposure of the true condition of things, would land yourself and the cashier and general financial manager in jail very promptly” the audience approved by vigorous applause. The letter concluded as follows:

“Such is the extent of Zion that nowhere in the civilized world will you be without the pale of the extradition law. Your business enterprises have connections in every land, and hence in every country a venue can be laid on a criminal charge.”

Dowie spent a quiet Sunday in this city and presided over simple Easter ceremonies which were participated in by a few of his faithful followers at the Auditorium Annex.

The attorneys for both sides said that conferences would be resumed during the day and that there are yet hopes for an amicable settlement.

THREE MEN BADLY HURT.

Fight in Minneapolis May Result in at Least One Fatality.

Minneapolis, April 16.—There were three men taken to Minneapolis hospitals at night as a result of a fight on the flats under the Washington avenue bridge. One of the victims has his head cut open and may die. Another has his left eye gouged out, and the third one has a broken jaw. One man is under arrest and is being held to await the outcome of the injuries of the victim whose head is split open.

According to the police version, the fight was the culmination of a three-day annual celebration which has been in progress on the flats. It is said that the three victims are workmen who came to the city especially to participate in the celebration. It is not known what started the trouble.

When the police arrived they found John Hreedy, 1507 Second street south, unconscious with two wounds on his head, which apparently had been inflicted with an ax. He was taken to the Swedish hospital and is in a critical condition.

John Robur and John Jonawott, 77 Wood street, were also found unconscious in the street. Robur’s left eye is gouged out. Jonawott is suffering from a broken jaw.

John Nooko was arrested and is accused of having inflicted the injuries sustained by Hreedy.

Many Immigrants Arrive.

New York, April 16.—A high water mark in the tide of American immigration will be set when the aliens who arrived in this port during the day on nine European steamships and those due a day later on eight big ships which are expected to pass Sandy Hook before nightfall have been permitted to land on United States soil. On the vessels already docked were 11,839 immigrants. The steamers due during the day are thought to carry at least as many.

With North American Countries.

Washington, April 16.—A bulletin issued by the department of commerce and labor says that the trade of the United States with North American countries, exclusive of Canada, Mexico and Cuba, but inclusive of Porto Rico, aggregated in the fiscal year 1905 practically \$100,000,000 as compared with \$60,000,000 in 1900.

THE FREE ALCOHOL BILL.

Will Be Passed by the House During the Week.

Washington, April 16.—The feature of the week in the national house of representatives is to be the passage of the free alcohol bill. As this measure deals with the revenues of the country and might be made a vehicle for political capital, especially by the minority, it is to be brought up during the day under suspension of the rules. As this is the regular suspension day, and bills handled under this order are not subject to amendments, the method of procedure is to “move to suspend the rules and pass the bill.” To this motion a “second” may be demanded, which, if ordered carries with it forty minutes of debate both for and against the bill, at the expiration of which time the only question that can be put is “shall the rules be suspended and the bill passed.”

This cuts off all opportunity for amendment. The only alternative method of preventing issue making would be to bring it in under a special rule, which would limit debate and also prohibit amendment.

Pensions are to have the right of way Tuesday and on that day also the appropriation bill for the District of Columbia will be taken up and will serve as the topic for the balance of the week.

Several measures of minor importance will also be brought up under suspension of the rules during the day. The sundry civil appropriation bill is now “on the ways” in the appropriations committee room. The agricultural appropriation bill is locked up in Representative Wadsworth’s safe. The bill is understood to be the next in order after the passage of the District bill.

The pure food bill and the bill amending the naturalization laws are both “special orders” in the house and may be called up whenever an appropriation bill is not under consideration.
